PROFESSIONAL SUMMARY

Full Stack Developer with professional experience developing responsive web applications, SaaS dashboards, trading platforms, e-commerce solutions, and business websites. Proficient in React.js, Next.js, Angular, JavaScript, TypeScript, Node.js, Express.js, and MongoDB. Experienced in REST API integration, authentication, role-based access control, payment gateway integration, and website performance optimization. Familiar with AWS cloud hosting, Docker containerization, and CI/CD workflows. Strong focus on reusable components, maintainable code, responsive user interfaces, and reliable application delivery.

TECHNICAL SKILLS

Frontend Development — React.js, Next.js, Angular, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend Development — Node.js, Express.js, Python, REST APIs, JWT, RBAC, CRUD

Database Management — MongoDB, MySQL, Supabase, Firebase Firestore

Tools & Methodologies — Git, GitHub, Bitbucket, Postman, Jira, Slack, Agile/Scrum

AI & Automation — Google Gemini API, Cursor, Antigravity, WATI, WhatsApp Business API, WhatsApp Automation

Cloud & Deployment — AWS, Docker, CI/CD Pipelines, Cloud Hosting, Vercel, Netlify, Render, Firebase

Tools — Git, GitHub, Bitbucket, Postman, Jira, Slack, Agile/Scrum

Additional — SEO, Performance Optimization, Shopify, PDF Processing, Responsive UI, Unit Testing

PROFESSIONAL EXPERIENCE

MINDLABS SYSTEMS PVT. LTD 07/2026 – 10/2026 | Kakkanad,Kerala

UI Developer

- Developed responsive web pages and reusable UI components using HTML5, CSS3, and JavaScript.
- Converted UI/UX designs into production-ready interfaces for desktop, tablet, and mobile devices.
- Optimized website performance through efficient frontend implementation, rendering improvements, and responsive design practices.
- Improved SEO readiness, cross-browser compatibility, and overall user experience.
- Collaborated with designers and backend developers to deliver consistent, maintainable interfaces.
- Applied frontend development best practices to improve website usability and maintainability.

THINK FORGE GLOBAL LLP 06/2025 – 06/2026 | Malappuram,Kerala

Full Stack Developer

- Developed and maintained web applications, including trading platforms, SaaS dashboards, e-commerce solutions, and business websites.
- Built responsive multi-role dashboards for Admin, Employee, User, and Super Admin workflows using React.js and Next.js.
- Integrated REST APIs for financial data, portfolio management, transactions, reporting, and business workflows.
- Implemented JWT authentication and Role-Based Access Control (RBAC) to manage user access and permissions.
- Worked with Amazon Web Services (AWS) for cloud hosting and application deployment workflows.
- Used Docker for containerized application development and deployment workflows.
- Worked with CI/CD (Continuous Integration and Continuous Delivery/Deployment) concepts to support automated build, testing, and deployment workflows.
- Developed reusable frontend components using React.js, Next.js, and Tailwind CSS.
- Improved application responsiveness, page loading, and user experience through frontend optimization and Lighthouse analysis.
- Collaborated with team members using Git, Bitbucket, Jira, and Agile/Scrum development practices.
- Used AI-assisted development tools to support coding, debugging, and development productivity.

NEXPRESSION PVT. LTD 11/2024 – 05/2025 | Ernakulam,Kerala

Web Developer

- Developed full-stack web application features using Angular, Node.js, Express.js, and MongoDB.
- Built e-commerce and college management applications with responsive dashboards and reusable UI components.
- Integrated Razorpay and PayPal payment gateways into application payment workflows.
- Implemented JWT authentication, Role-Based Access Control (RBAC), CRUD operations, and REST API integrations.
- Developed product, order, student, faculty, and academic data management functionality.
- Connected frontend applications with backend APIs to support dynamic data processing and application workflows.
- Improved interface responsiveness, usability, and frontend performance.

PROJECTS

SAAS TRADING PLATFORM - ZYVEST CAPITAL

Next.js, Tailwind CSS, REST APIs

- Developed responsive multi-role interfaces for User, Admin, Employee, and Super Admin workflows.
- Built financial dashboards, analytics, portfolio monitoring, transaction, wallet, MT5, onboarding, KYC, and PAMM investment interfaces.
- Integrated REST APIs for dynamic financial data, portfolio management, reporting, and application workflows.
- Developed reusable components and responsive layouts for desktop, tablet, and mobile devices.
- Improved frontend performance, SEO, and user experience through optimization and Lighthouse-based analysis.

E-COMMERCE PLATFORM - SALMARA AYURVEDA

Shopify, React.js, Node.js, Express.js, Supabase

- Developed responsive customer-facing and admin interfaces for an e-commerce platform.
- Integrated Shopify APIs for product, order, and inventory management workflows.
- Implemented backend integrations using Node.js, Express.js, and Supabase.
- Improved responsive design, SEO, website performance, and overall user experience.

BUSINESS WEBSITE - KALANGARA PAINT HOUSE

Full Stack Developer - React.js, Node.js, Express.js, Supabase, WATI

- Developed a responsive business website using React.js with Node.js and Express.js backend integration.
- Implemented enquiry management, service information, and image upload functionality.
- Integrated WhatsApp Business API workflows to support customer enquiries and communication.
- Hosted and deployed the website on Amazon Web Services (AWS).
- Focused on responsive layouts, usability, and website performance.

AI-POWERED RESUME BUILDER - CHATCV.AI

React 19, Vite, Google Gemini API, Firebase, React Router, JavaScript, HTML/CSS

- Built an AI-powered resume builder with real-time editing, ATS-friendly templates, resume analysis, and PDF export.
- Integrated Google Gemini API for AI resume review, bullet-point enhancement, resume parsing, and personalized mock interview generation.
- Implemented PDF parsing using PDF.js with AI-assisted OCR and structured resume data extraction.
- Developed Firebase authentication, cloud resume storage, version history, and resume snapshot management.
- Built responsive editor and preview interfaces with light/dark theme support, design customization, and profile image cropping.
- Implemented unit and integration testing using Vitest and React Testing Library.

EDUCATION

Bachelor of Computer Application (BCA) 2021 – 2024 | Kerala, India

Kannur University

CERTIFICATES

MERN/MEAN Full Stack Web Development — *Luminar Technolab* | 2024/05 - 2024/11
